We will contact the interested people on the lake level and boat inspection and set up a meeting.

We discussed Vita Stim for muck removal. Will check into it further.

Mark Wedel was present and talked about the Alternative Shoreline Ordinances. The board agrees with the proposed ASO and Mark will vote in favor of the proposed changes. These changes must be heard twice before they can be acted on by the commissioners. Look for a filibuster on the issues to drag it out!

When dealing with county agencies we must document date, time and who we contacted on any issues of importance.

We will pick up the loon nests and store them on shore for the winter.
